SUDDEN DEATH OF THOS. LINDLEY, SUNDAY

Sonoma Man's Father Is Stricken While At Business and is Buried Here.

Thos. Lindley, father of E. T. Lindley manager of the Sonoma Feed Store was suddenly stricken with heart failure last Sunday in San Francisco and died almost instantly. Death came as he was chatting with friends and associates at the Cudahy Packing Plant where for nine years he had held a responsible position in the egg testing department. He had gone down to the plant Sunday morning to inspect a shipment of Australian eggs and before he had started his work, he was seized with the fatal malady. His passing was most unexpected as he had never suffered from heart trouble and was apparently in the best of health.

Mr. Lindley was a native of Manchester, England and was aged 63 years and 11 months. He came to this country in 1896 locating first in Utah and later removing to California.

He is survived by four sons, Ed, Perry, Harry and Frank and a daughter, Mrs. Melba Finch.

The remains were shipped here for burial, services being held at Bates undertaking parlors on Tuesday. The pall bearers were Messrs Adler, Tate, Harris, Johnson, Lewis and Abele.

Interment was at Mountain Cemetery where beautiful flowers covered the last resting place of a beloved and respected parent.

MEN IMPLICATED IN S. F. OUTRAGE SOUGHT HERE

Sonoma was thrown into a state of more or less excitement Wednesday evening by the coming here of Detective Miles Jackson and Police woman O-Connor of San Francisco accompanied by one of the young girls who were lured to a shack in that city and brutally assaulted. The officers were on the trail of two men thought to have been implicated in the crime and they sought to have the girl victim, Jessie Montogomery indentify them.

The trip here was futile as the men tipped off as suspects were known to Detective Jackson who declared they did not belong to the Kruvosky gang. They were two ex-saloon keepers of San Francisco who had come to boil out at the hot springs and having a discolored eye, and some evidence of having been in a roughhouse they excited the suspicions of some amateur sleuth who brought the San Francisco officers here on the wild goose chase.

The crime for which the brutes are being sought was one of the most revolting in the history of San Francisco police annals. One of the victims formerly lived in Petaluma and is the daughter of a Salvation Army captain.

INQUIRY FROM PHILADELPHIA RECALLS OLD TRAGEDY

Bringing to mind a tragic and sad death by drowning from a Sonoma boat in the early days, a letter has come from Philadelphia to Mayor Dal Pogetto of Sonoma making inquiry for Mrs. Augusta Oettle whose husband one time kept the Union Hotel here.

The letter is from the son of the woman whose sad end was probably never told her children.

The brother Al Oettle for whom the writer inquires was well known here where he formerly resided and is remembered by many pioneer residents.

City trustee Geo. Breitenbach who knew the Oettles has been delegated to answer the letter and can be counted upon to pen a nice epistle to the Philadelphia family.

The letter to the mayor follows:

Philadelphia, Nov. 25, 1920

Mayor's Office, Sonoma, Cal.

Dear Sir:—

Could you give me any information of the following people! Mrs. Augusta Oettle, wife of Frank Oettle, proprietor of the Union Hotel, year of 1881-82, I don't know how much longer. Mr. Oettles' second wife had two children, Frank and Bertha, Mrs Oettle was my mother. My name is Hermann Bahr, (first marriage in Germany). I hardly think my mother is living any more, if not, kindly let me know when she died, I would also like to know of my brother, Albert Bahr; I know he went to school in Sonoma, he must be about 53 years old, he was known as Albert Oettle when I lived in Sonoma. (he adopted Mr. Oettle's name). I remember some of the old residents at my time were a Mr. Corbaly, next door livery stable Mr. Poppe's dry goods store, Dr. Lawrence, Dr. von Geldern and others.

Now would you kindly give me some information of these people. I am a resident of Philadelphia for many a year and have a family of wife and three sons.

Thanking you in advance and hoping for a soon advice,

I remain, yours very truly

A. H. Bahr, 3072 Janney St.

Philadelphia, Pennsylvania.

Mrs. Dorman and daughter, Doris, were visitors to San Francisco last Monday.

PASSING OF PERCY LAW IS MUCH REGRETTED

Following a stroke of paralysis, Percival A. Law of Sonoma Vista who had been connected with the Pacific Gas and Electric Company and had a summer home in this valley died suddenly here last Sunday.

Mr. Law hadbeen suffering with rheumatism but nothing of a serious nature indicated the sudden end until the stroke after which he sank rapidly and passed to the Great Beyond. His wife died about a year ago and in her memory, Mr. Law recently contributed a handsome sum to the Cemetery road fund, declaring that Sonoma's Mountain Cemetery was to him a hallowed spot and the most beautiful resting place in all the world. He little thought that he would follow her so shortly and be consigned to eternal sleep on our quiet hillside.

His funeral took place Wednesday and was attended by sorrowing friends and brother Lodge members. He was a member of the Masonic Lodge of Auburn. The Eastern Star of that city sent a handsome floral piece.

Percy Agustus Law was a native of England and age 46 years and five months.

She knows the different varieties and their value for rich wine and during 1921 expects to buy and ship many carloads of Sonoma and Napa valley grapes to Eastern points.

Mrs. W. L. McAllister has been ill with an attack of la grippe.

RETURN FROM FINE TRIP TO CANADA AND THE EAST

Frank McGill and his thirteen year old son, Stanley, have returned from an extended trip to Canada and the East and Southern States. They arrived here Sunday and report a wonderful time.

The visitors went first to St. Thomas, Ontario, Canada where they visited cousins of Mr. McGill, the Lancaster, Cassidy and Griffin families, prosperous farmers of that section.

After two weeks on the Canadian side, Mr. McGill and Stanley journeyed to New York and went to Brooklyn to visit a cousin of James Gottenberg.

At Washington D. C. they made a pilgrimage to the Washington monument, visited the National Library and other points of interest. They next went to Chatanooga, Tennessee, where they viewed the historic Lookout Mountain and rode on the 78 per cent grade elevated railroad.

New Orleans and Los Angeles were stopping points enroute home.

While in Detroit the Sonoma travelers met A. M. Everett a former resident of this valley and also visited the gigantic Ford factory.

It was a splendid experience particularly for Stanley who has benefited in every way by the trip and is most enthusiastic over what he learned and saw during the two months travel.

CONCERNING CONSTITUENCIES AND THEIR WAYS

A Washington, D. C. correspondent believes that since so many congressional representatives now holding positions in both Senate and House of Representativss were defeated for reelection that they will finish out the rest of their terms free and untrammeled and will assert themselves according to their own conscience and not be simply reflexes of their former constituencies. It is a sorry condition when representatives run afoul of their people at home, or in trying to please them make a muddle of it, but the populace was ever fickle, as we recall in Latin phraseology, and it may be a harder job than we conjecture for a politician to keep up with the shifting opinion of a constituency stampeded by spell binders, some of whom have undermined real good men in their hysteric appeals just prior to the recent election. The non-partisan preachment was repudiated and partisanism rose supreme, peace talk was tabled and League advocates backed off the map, individual popularity was swept from consideration by politics pure and simple. There was insistence for a drastic, general house cleaning, many restless constituencies promptly dropped their men like hot potatoes just to be on the band wagon. Many puny office holders got their just deserts, and we believe that the new Congress will be a far broader calibred one than we have had, but some good men unquestionably suffered defeat because of the general trend.

Happily the people of the Congressional district of which Sonoma County is a part refused to be swept off their feet by political emotion when they knew they had a worthy representative and spokesman in Congress. They were satisfied with a good man on the job and acclaimed by the majority of 15000 votes for Mr. Lea that they would countenance no change. The proof of fitness and faith he kept with his fellows was exemplified, and more reassuring was the test which our people met when with the state and nation on the Republican toboggan, and the atmosphere surcharged with the politics of the hour, the people of the First Congressional District calmly voted according to their faith and Congressional conviction. This sort of a constituency is reassuring and without seeming to be throwing boquets we might as well as admit that we believe the whole county would be better off for constituencies just like it—calm, deliberate, conservative and thoughtful as opposed to the emotional, radical and impulsive opinion which is usually too easily reached and swayed when big issues are in the balance.

The day must never return when voters will acclaim the "yellow dog" if he but yelps in tune with their political yodlers. If partisan politics ever has to go back to that to succeed, political and social evolution will be throttled. Let us ever exalt independence.

AND NOW the County Divisionists in Petaluma are again active. Well when they disjoint and dismember Sonoma County of course they will have to hold an inquest to fix the responsibility for the accident and having the Coroner over there they probably think they will have a corner on the Coroner and blame it all on to Sonoma County. Far be that from the truth however, and we oppine if Coroner Phillips gives 'em the "straight from the shoulder" as he does at some inquests Petaluma will realize that at least one favorite son neither approves or sympathizes with the dismemberment. Although Sonoma County's Coroner, Dr. Phillips, lives in Petaluma he has the intelligence to see and stamina to admit that the dividing of Sonoma County is sheer nonsense. There are some other good Petalumans like ex-Supervisor Blair Hart who think the same.

But why rave over the Petaluma point of view—there will be no fatal results if Petaluma should secede. There will be no inquest and it won't be anybody's funeral unless Petaluma's in which case we'll "say it with flowers."

A GIFT THAT IS ALWAYS USEFUL AND ACCEPTABLE

"An electric flashlight is a very necessary part of the equipment of every automobile" says A. J. Martinson of the Electric Shop.

"It is not until a fellow gets caught out at night and something goes wrong and he has to fumble around in the dark to locate the trouble, that he begins to appreciate how handy a flashlight really is. Occasionally he finds the difficulty right away, but as a usual thing he loses a lot of time, gets his hands and clothes all over grease and all in all has a mighty uncomfortable experience. If his wife is along she keeps reminding him that his language is "just terrible". And all of the unpleasantness could frequently have been avoided if he had cultivated the habit of carrying an electric flashlight.

"One will be surprised at the many ways that he will use a flashlight. If the car owner doesn't happen to have electric lights in his garage, he can switch on his flashlight and have a strong, bright light for work that he may have to do. Then again the flashlight can be moved around at will and focused anywhere.

"And even now, notwithstanding the enforcement cops, many folks find a small pocket flashlight mighty handy to help them find the keyhole when they get home at night.

"And it is probably unknown to the general public that the Eveready flashlights which are used almost exclusively, are made on the Pacific Coast by the National Carbon Company, Inc. This company has grown within the space of a few years to one of the largest manufacturing concerns of the West, largely because they make a standard, guaranteed product that is in great demand.

"To those who wish to make a Christmas present of a really useful article and one that will be used and appreciated throughout the entire year, I can strongly recommend an Eveready flashlight." adv.

THANKS DUE FRED HANSEN

The community owes thanks to Fred Hansen who devoted his time and talent just prior to Thanksgiving in making the turkey benefit for the fire engine fund a success. Mr. Hansen had planned to hold a turkey shoot and sale himself but when he heard that the fire engine committee was planning to dispose of turkeys for a public cause he generously withdrew and gave the gentlemen valuable aid in conducting the turkey exchange at Harrison & Stuermers.

Hansen knows how too, and his genial personality and his popularity contributed much to the success of the affair.

JACK LAWLER, JR., TO BE ASSISTANT MANAGER OF THE POULTRY PRODUCERS

The local commercial world, except the members on the inside, will no doubt be greatly surprised to learn that Jack Lawler, Jr., cashier of the Sonoma County National Bank and Petaluman Savings Bank and popular president of the Chamber of Commerce, will leave his position with the affiliated banks and will become assistant manager of the Poultry Producers of Central California, Inc. The change will take place within a day or two, his appointment having been unanimously made by the directors to secure Mr. Lawler for the important position.

The business of the great corporation has assumed such proportions that it is now impossible for one man to handle it, and J. H. Barber has been alone at the head of the $7,000,000 concern up to the present.

Realizing that an associate was required, the officials quietly looked around and decided upon Mr. Lawler and last year he was offered the position but declined. However, they were persistent and renewed the offer on several occasions, finally making the position such a splendid promotion that Mr. Lawler at last accepted and will leave the bank immediately.—Petaluma Argus.

Jack Lawler is a Sonoma High School graduate and fifteen years ago took a position with the Petaluma banking firm which has advanced him to the highest position in its keeping.

Sonoma friends will be pleased to hear of Lawler's continued and splendid success in the business world

WILSONS LEAVE FOR ENGAGEMENT IN SOUTHERN CALIF.

Mr. and Mrs. F. C. Wilson played their last winter engagement here Saturday night leaving the next day with their jazz musicians for Southern California where they are to fill a good contract with the Waldorf Cafe at San Diego. They played in the southern city last winter and made such a hit with their music that the management wired them this season to come back. In the spring they will return to Boyes Springs where they will no doubt duplicate their 1920 success.

The farewell dance given by the clever musician and his wife at the clubhouse last Saturday was well attended and the music was better than ever, the aggregation rendering many of the newest hits with splendid rhythm and eclat.

CARL JACOBER SCARIFIES NAPA STREET THIS WEEK

Carl Jackober came in this week and put the big scarifier throught its paces and scraped and leveled Sonoma's main business thoroughfare. It is hoped by the city trustees that when the street packs down following the recent rain that our motorists will note a decided improvement in getting in and out of town. This work is temporary, the permanent highway to be put in early in the Spring with money already voted by the people of Sonoma at a bond election last May.

Among the bright women voters of the state of Iowa is the mother of Wm. Durant of this place who despite her 89 years takes a keen interest in polities and cast her ballot at the recent presidential election.

Judge and Mrs. Thos. C. Denny spent Thanksgiving in Petaluma where they were the guests of Mrs. Emma Haskell, the Judge's mother.

The many friends of Mrs. L. S. Simmons will be pleased to hear of her continued improvement. She will go to San Francisco shortly to visit with Dr. Freyermuth and family after which she will return to her Sonoma home.

THIS WEEK'S RECORD OF FIRE ENGINE FUND

With the expected arrival of Sonoma's new chemical and pump fire engine on or about the Christmas holiday, additional contributions are being welcomed by the committee of the Business Men's Association who have still to collect over $400 in order to have the purchase price of the Waterous engine on hand. Up to date over $3300 is in the Sonoma banks to the credit of the Fire Engine fund.

The Standard Oil Company thru its representative I. B. Hayter generously sent a check for $25 last Monday to aid Sonoma in its fire protection program.

The California Telephone and Light Company made the liberal contribution of $25.

Frank Matsuyama has donated a new Goodyear tire 30 x 3 1-2 which is for sale, the proceeds to be turned in as Mr. Matsuyama's donation toward the fire engine fund. The tire was sent to Mayor Dal Pogetto who turned it over to the committee.

R. Laurenzi donated $5.00 toward the engine on Thursday.

BOYES SPRINGS NEWS

There is quite a lot of improvements going on at Boyes, among the most notable is the remodeling of Darling's restaurant which when finished will be second to none in the "Valley of the Moon". Mayor Minges of Boyes, who is the owner of the property is sparing no expense in remodeling the building. Last Wednesday as our Mr. Darling, the 'Caruso" of the valley was giving a demonstration of his vocal powers, the "Mayor" who was afraid that the roof would not be on before rain set in called out to "Caruso Darling" to cut out the singing and to work, the "Mayor" agreeing to give all of the carpenters a nice Thanksgiving dinner if the roof was finished by Thursday P. M. This bribe worked to perfection, Messrs Button, Caruso Darling and the rest went to work with a will, and finished the roof in time to get the dinner. Suffice it to say it was some dinner, prepared by the celebrated female "chef" Mrs. Darling. The "Mayor" did not overlook any part of it, from "soup to nuts." Although there were no wines or hard cider served, the "aroma" of Darling's celebrated coffee was enough to satisfy all who were present. The dinner was on the 'Mayor'.

The "Mayor" had a trained nurse, Miss O'Donnell from the Veterans Home engaged to administer during the meal hour, but nobody had the gout so all is well.

"Duffy" Lewis and wife arrived home last week and will be here for the winter.

"Art" Hickman, the famous leader of Jazz music, and his father, Bob Hickman, are guests at Boyes Springs Hotel. Art says that in all of his travels there is no place that appeals to him like Boyes Springs.

Fuller Rochat, son of Mrs. L. Rochat of Boyes Springs was a recent visitor here.

The Red Cross drive, I am sorry to say, is getting along slowly up here, and I will go on record to state there are quite a few "slackers", who ought to be ashamed of themselves.

As things are quiet up here at present, I would very much like to have some of the Sonoma prospective fireman to call in some evening and talk on fire matter, etc.

Received word a few days ago from the American La France engine Company that the "Valley Angel" will be here about New Year's.

Mr. Wm. King of the Boyes Springs Garage and family spent a few days in San Jose last week. They enjoyed a Thanksgiving dinner with some of their relatives.

SANTA ROSA'S NEW FIRE ENGINE IN USE

The new combination pumping fire engine, chemical, hose cart and hook and ladder was placed in commission yesterday by the fire and water committee of the city council. Hereafter when an alarm sounds a modern motorized fire department will respond

The two faithful old horses will be kept in the engine house for some time while the new apparatus is being tried out, so that in any emergency they can be hitched up and take out the large fire engine for use.

Within short time, however, the horses will be taken to the sewer farm for use there and to spend the remainder of their days as work horses. The horse drawn engine is to have attachments so it can be hooked up to the chemical or hose cart and be hauled to the scene of any conflagration where additional pumping may be required in the future. With this, and the small engine held in reserve, Santa Rosa will be provided with better apparatus than in any city several times its size, and should result in immediate reduction of fire insurance rates.

In fact, such a reduction in fire insurance premiums was one of the strongest arguments in favor of the purchase of the new motorized combination engine by the city council and it is expected that the directors of the new chamber of commerce will lose no time in making a determined stand to secure action by the underwriters for the benefit of all property owners.—Press Democrat.

Among those from Glen Ellen who attended the dance here Saturday night last were Miss Eileen Cowen and her brother, Hazen who has just returned from participating in a big rodeo at Idaho.

MISS CLARA KING LEAVES RED CROSS

Miss Clara King, secretary of the Santa Rosa Chapter, American Red Cross, has resigned her position, to take effect at the end of December, and the resignation has been accepted by the directors. No successor will be elected and the local office and baby clinic will be handled by Miss Myrtle Saery, the local public health nurse.

Miss Helen Dahl, public health nurse for Sebastopol has also resigned, effective today, and the place will be left vacant owing to lack of sufficient funds to maintain a nurse there. The local and Sonoma nurses will divide the duties and give Sebastopol all help possible under the circumstances.

The failure of Sonoma county to come up to the standard with membership dues his year is crippling public health work to a marked degree, as funds are a prime necessity in handling such duties.—Press Democrat.

CHRISTMAS SEAL SALE

Another year's devotion to the cause of warring against tuberculosis terminates in the annual Christmas seal sale of which Mrs. L. H. Green has charge here.

Tuberculosis hospitals have been established, clinics conducted, open air schools and camps maintained, occupational teachers provided for the incurables and much prevention work acomplished through the aid of the little cheery seals which mean so much in the war against the white plague. Buy the seals and do your part to aid in this great work of charity.

HAD VERY NARROW ESCAPE

Street Supt. Steve Akers and wife and their youngest son, Billy, had a close call from serious injury Sunday when the "wish-bone" of their touring car suddenly broke while they were opposite the Bundesen place on their way to Sonoma to visit relatives.

Mrs. Akers and son were thrown from the car and the former received a painfully injured shoulder, but luckily escaped serious injury while the child was uninjured.

As she fell, Mrs. Akers grabbed at her husband's arm and had she succeeded in so doing, would certainly have upset the car on the occupants. Mr. Akers succeeded in stopping the machine after it went over on its side and he remained in the vehicle and was uninjured, but all were shaken up and had a very close call. They were brought to town by another auto and their wrecked car was later brought in. What caused the part to break is a mystery.—Petaluma Argus.

Wm. T. Conn of San Francisco has purchased the Kern place of 5 acres on Broadway through W. W. Carter.

Mr. and Mrs. Leland Volguardsen of San Francisco are the happy parents of a pretty baby girl. Mrs. Volquardsen was the beautiful Miss Valerie Helberg before her marriage to Lt. Volquardsen who distinguished himself in the Navy before and during the war.

Mrs. M. E. Murphy has been quite ill and suffered with congestion of the lungs the fore part of the week. Her physician, Dr. Hennessey came over Tuesday morning and pronounced her condition improved.

Mrs. J. Sutter and family have returned to El Verano after a year's residence in Oakland.

Mrs. Wicker has resumed her artistic china painting and is finishing up some very dainty pieces for the holidays.

Mr. and Mrs. Bancroft and Miss Dorothy were in San Francisco over the last week end. Miss Bancroft and her brother who is a radio operator attended the wireless ball in that city where the music for dancing was transmitted entirely by wireless.

ORDAHL TO SPEAK AT SANTA ROSA

There is something particularly good planned for Thursday's meeting of the Santa Rosa Parent-Teacher Association. It is no less than a talk by Dr. Ordahl at Eldridge. Dr. Ordahl will tell the members of the association of the value of psychological tests and he will initiate his hearers into a portion of the "why and wherefore" of some of the tests. And Mrs. Ordahl, who is likewise entitled to write Ph. D. after her name, will most likely accompany her husband to Santa Rosa and she may have something to say to the mothers and teachers as well. A special invitation has been extended to her with her husband.

ARE YOUR CHICKENS WARM?

Cold winter winds are blowing and the frost is on the pumpkin. Your hens should be well protected these days. Do your chicken houses need repairing? We have fine stock, lumber, battons, for that purpose.

WHEN THE HENS GO ON A STRIKE

The cause is usually bad housing - cold, damp, uncomfortable quarters. Hens are like humans in that they will not do efficient work if they are poorly housed and you can't blame 'em.

A laying hen today is doubly valuable - an idle hen today is doubly expensive. Give your hens a chance to do their best - build them a comfortable home.

Whatever your building needs, come in and talk them over with us - we can save you money.

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3½-inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance; and has all the Ford merits of strength and durability.
